

Project Description: New construction of 7 story corporate headquarters building in St. Louis, MO
Project Budget: \$75,000,000
Products Utilized: 175,000 sf of PROBoard™ 24 and 600 Rolls of KTape™
Floor Surface: Commercial Carpet Squares over Concrete
Project Length: 4 Months

After 2 Months

After 4 Months - Removal

After 4 months of heavy use, there was no penetrations and, most importantly, there was no damages to the carpet.

“PROBoard worked great. It was super strong and saved us a lot of time and money. I am absolutely pleased with the product and will definitely be using PROTEX again and recommending it to all of our teams.”

Matt M. – Project Manager
